GLOBAL X ETF Series II

REPORT OF THE TRUSTEE TO THE UNITHOLDERS

We hereby confirm that, in our opinion, Mirae Asset Global Investments (Hong Kong) Limited, the Manager of Global X ETF Series II (the “Trust”) have, in all material respects, managed the Trust, in accordance with the provisions of the Trust Deed dated 25 May 2016 as amended by supplemental deeds dated 25 May 2016, 1 November 2019, 31 December 2019 and 21 June 2022 (collectively, the “Trust Deed”).

1. Global X S&P Crude Oil Futures Enhanced ER ETF for the year ended 31 March 2024
2. Global X Asia Pacific High Dividend Yield ETF for the year ended 31 March 2024
3. Global X Bloomberg MSCI Asia ex Japan Green Bond ETF for the year ended 31 March 2024
4. Global X FTSE China Policy Bank Bond ETF for the year ended 31 March 2024

HSBC Institutional Trust Services (Asia) Limited (the “Trustee”)
26 July 2024

Independent Auditor's Report

To the Unitholders of Global X S&P Crude Oil Futures Enhanced ER ETF, Global X Asia Pacific High Dividend Yield ETF, Global X Bloomberg MSCI Asia ex Japan Green Bond ETF and Global X FTSE China Policy Bank Bond ETF (collectively the "Sub-Funds") of Global X ETF Series II (the "Trust")

(An umbrella unit trust established under the laws of Hong Kong)

Report on the Audit of the Financial Statements

Opinion

What we have audited

The financial statements of Global X S&P Crude Oil Futures Enhanced ER ETF, Global X Asia Pacific High Dividend Yield ETF, Global X Bloomberg MSCI Asia ex Japan Green Bond ETF and Global X FTSE China Policy Bank Bond ETF (each a separate sub-fund of the Global X ETF Series II and referred to as the "Sub-Funds"), which are set out on pages 7 to 62, comprise:

- the statements of net assets as at 31 March 2024;
- the statements of profit or loss and other comprehensive income for the year then ended;
- the statement of changes in net assets attributable to unitholders for the year then ended;
- the statement of cash flows for the year then ended; and
- the notes to the financial statements, comprising material accounting policy information and other explanatory information.

Our opinion

In our opinion, the financial statements give a true and fair view of the financial position of each of the Sub-Funds as at 31 March 2024, and of each of their financial transactions and each of their cash flows for the year then ended in accordance with IFRS Accounting Standards.

Basis for Opinion

We conducted our audit in accordance with International Standards on Auditing ("ISAs"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Independence

We are independent of the Sub-Funds in accordance with the International Code of Ethics for Professional Accountants (including International Independence Standards) issued by the International Ethics Standards Board for Accountants ("IESBA Code"), and we have fulfilled our other ethical responsibilities in accordance with the IESBA Code.

Independent Auditor's Report

To the Unitholders of Global X S&P Crude Oil Futures Enhanced ER ETF, Global X Asia Pacific High Dividend Yield ETF, Global X Bloomberg MSCI Asia ex Japan Green Bond ETF and Global X FTSE China Policy Bank Bond ETF (collectively the "Sub-Funds") of Global X ETF Series II (the "Trust") (continued)
(An umbrella unit trust established under the laws of Hong Kong)

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Key audit matters identified in our audit are summarised as follows:

| Key Audit Matter | How our audit addressed the Key Audit Matter |
|---|--|
| <p>Existence and valuation of financial assets at fair value through profit or loss</p> <p><u>Global X S&P Crude Oil Futures Enhanced ER ETF</u></p> <p>The sub-fund's financial assets at fair value through profit or loss mainly comprised listed future contracts and a listed investment fund, valued at HK\$2,645,888 and HK\$8,136,000 respectively, as at 31 March 2024.</p> <p><u>Global X Asia Pacific High Dividend Yield ETF</u></p> <p>The sub-fund's financial assets at fair value through profit or loss mainly comprised listed equities valued at US\$5,612,492 as at 31 March 2024.</p> <p><u>Global X Bloomberg MSCI Asia ex Japan Green Bond ETF</u></p> <p>The sub-fund's financial assets at fair value through profit or loss mainly comprised listed debt securities, valued at US\$ 7,103,753 respectively, as at 31 March 2024.</p> <p><u>Global X FTSE China Policy Bank Bond ETF</u></p> <p>The sub-fund's financial assets at fair value through profit or loss mainly comprised listed debt securities valued at RMB 13,306,536 as at 31 March 2024.</p> <p>We focused on the existence and valuation of the financial assets at fair value through profit or loss because the financial assets at fair value through profit or loss represented the principal element of the Sub-Funds' net assets attributable to unitholders as at 31 March 2024.</p> | <p>Our work included an assessment of the key controls over the existence and valuation of financial assets at fair value through profit or loss, which included the following:</p> <ul style="list-style-type: none">• We developed an understanding of the control objectives and related controls relevant to our audit of the Sub-Funds' by obtaining the service organisation internal control reports provided by the trustee setting out the controls in place, and the independent service auditor's assurance report over the design and operating effectiveness of those controls.• We evaluated the tests undertaken by the independent service auditor, the results of the tests undertaken and the opinions formed by the independent service auditor on the design and operating effectiveness of the controls, to the extent relevant to our audit of the Sub-Funds. <p>We tested the existence of financial assets at fair value through profit or loss by obtaining direct confirmations from the custodians and agreeing the Sub-Funds' holdings of financial assets at fair value through profit or loss to the confirmations.</p> <p>We tested the valuation of the Sub-Funds' financial assets at fair value through profit or loss by comparing the pricing used by the Sub-Funds to external pricing sources as at 31 March 2024.</p> <p>Based on the procedures we performed, we found no material exceptions from our testing.</p> |

Refer to note 13 to the financial statements.

Independent Auditor's Report

**To the Unitholders of Global X S&P Crude Oil Futures Enhanced ER ETF, Global X Asia Pacific High Dividend Yield ETF, Global X Bloomberg MSCI Asia ex Japan Green Bond ETF and Global X FTSE China Policy Bank Bond ETF (collectively the "Sub-Funds") of Global X ETF Series II (the "Trust") (continued)
(An umbrella unit trust established under the laws of Hong Kong)**

Other Information

The manager and the trustee (the "Management") of the Sub-Funds are responsible for the other information. The other information comprises all of the information included in the annual report other than the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management for the Financial Statements

The Management of the Sub-Funds is responsible for the preparation of the financial statements that give a true and fair view in accordance with IFRS Accounting Standards, and for such internal control as the Management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Management of the Sub-Funds is responsible for assessing the Sub-Funds' ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Management either intends to liquidate the Sub-Funds or to cease operations, or has no realistic alternative but to do so.

In addition, the Management of the Sub-Funds is required to ensure that the financial statements have been properly prepared in accordance with the relevant disclosure provisions of the Trust Deed dated 25 May 2016, as amended ("Trust Deed") and Appendix E of the Code on Unit Trusts and Mutual Funds issued by the Hong Kong Securities and Futures Commission (the "SFC Code").

Independent Auditor's Report

To the Unitholders of Global X S&P Crude Oil Futures Enhanced ER ETF, Global X Asia Pacific High Dividend Yield ETF, Global X Bloomberg MSCI Asia ex Japan Green Bond ETF and Global X FTSE China Policy Bank Bond ETF (collectively the "Sub-Funds") of Global X ETF Series II (the "Trust") (continued)

(An umbrella unit trust established under the laws of Hong Kong)

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. We report our opinion solely to you, as a body, and for no other purpose. We do not assume responsibility towards or accept liability to any other person for the contents of this report. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements. In addition, we are required to assess whether the financial statements of the Sub-Funds have been properly prepared, in all material respects, in accordance with the relevant disclosure provisions of the Trust Deed and Appendix E of the SFC Code.

As part of an audit in accordance with ISAs, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Sub-Funds' internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Management.
- Conclude on the appropriateness of the Management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Sub-Funds' ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Sub-Funds to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with the Management regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide the Management with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, actions taken to eliminate threats or safeguards applied.

Independent Auditor's Report

To the Unitholders of Global X S&P Crude Oil Futures Enhanced ER ETF, Global X Asia Pacific High Dividend Yield ETF, Global X Bloomberg MSCI Asia ex Japan Green Bond ETF and Global X FTSE China Policy Bank Bond ETF (collectively the "Sub-Funds") of Global X ETF Series II (the "Trust") (continued)

(An umbrella unit trust established under the laws of Hong Kong)

Auditor's Responsibilities for the Audit of the Financial Statements (Continued)

From the matters communicated with the Management, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on matters under the relevant disclosure provisions of the Trust Deed and Appendix E of the SFC Code

In our opinion, the financial statements have been properly prepared, in all material respects, in accordance with the relevant disclosure provisions of the Trust Deed and Appendix E of the SFC Code.

The engagement partner on the audit resulting in this independent auditor's report is Mr. Chau Chi Kit.

GLOBAL X ETF Series II

NOTES TO THE FINANCIAL STATEMENTS

31 March 2024

1. GENERAL INFORMATION

Global X ETF Series II is an umbrella unit trust (the “Trust”), governed by its trust deed dated 25 May 2016 as amended by the supplemental deeds dated 25 May 2016, 1 November 2019, 31 December 2019 and 21 June 2022 (collectively the “Trust Deed”) between Mirae Asset Global Investments (Hong Kong) Limited (the “Manager”) and HSBC Institutional Trust Services (Asia) Limited (the “Trustee” and “Registrar”). The Trust Deed is governed by Hong Kong law.

As at 31 March 2024, the Trust has established four Sub-Funds, each a separate Sub-Fund of the Trust, which are authorised by the Securities and Futures Commission of Hong Kong (the “SFC”) pursuant to section 104(1) of the Securities and Futures Ordinance. The four sub-funds, including Global X S&P Crude Oil Futures Enhanced ER ETF, Global X Asia Pacific High Dividend Yield ETF, Global X Bloomberg MSCI Asia ex Japan Green Bond ETF and Global X FTSE China Policy Bank Bond ETF are referred to individually or collectively as the “Sub-Fund(s)”. The Sub-Funds are listed on the Stock Exchange of Hong Kong Limited (the “SEHK”) (a subsidiary of The Hong Kong Exchanges and Clearing Limited) and their listing dates are as follows:

| <u>Name of Sub-Funds</u> | <u>Listing date on the SEHK</u> |
|--|---------------------------------|
| Global X S&P Crude Oil Futures Enhanced ER ETF | 16 June 2016 |
| Global X Asia Pacific High Dividend Yield ETF | 27 July 2022 |
| Global X Bloomberg MSCI Asia ex Japan Green Bond ETF | 19 August 2022 |
| Global X FTSE China Policy Bank Bond ETF | 19 October 2022 |

These financial statements relate to the above-mentioned Sub-Funds. The Manager is responsible for the preparation of the financial statements.

Global X S&P Crude Oil Futures Enhanced ER ETF (“S&P Crude Oil Futures Enhanced ER ETF”)

The investment objective of the Sub-Fund (Stock code: 3097) is to provide investment results that, before fees and expenses, closely correspond to the performance of the S&P GSCI Crude Oil Enhanced Index Excess Return (the “Index”). The Index tracks the prices of the West Texas Intermediate crude oil (also known as Texas light sweet crude oil) Futures Contracts (the “WTI Futures Contracts”) with different expiration dates traded on the New York Mercantile Exchange, which is an exchange of the Chicago Mercantile Exchange Group Inc.

Global X Asia Pacific High Dividend Yield ETF (“Asia Pacific High Dividend Yield ETF”)

The investment objective of the Sub-Fund (Stock code: 3116) is to provide investment results that, before deduction of fees and expenses, closely correspond to the performance of the Solactive Asia Pacific High Dividend Yield Index (the “Index”).

Global X Bloomberg MSCI Asia ex Japan Green Bond ETF (“Bloomberg MSCI Asia ex Japan Green Bond ETF”)

The investment objective of the Sub-Fund (Stock code: 3059 for HKD counter and 83059 for RMB counter) is to provide investment results that, before deduction of fees and expenses, closely correspond to the performance of the Bloomberg MSCI Asia ex Japan USD Green Bond Index (the “Index”).

GLOBAL X ETF Series II

NOTES TO THE FINANCIAL STATEMENTS

31 March 2024

1. GENERAL INFORMATION (CONTINUED)

Global X FTSE China Policy Bank Bond ETF (“FTSE China Policy Bank Bond ETF”)

The investment objective of the Sub-Fund (Stock code: 3041) is to provide investment results that, before deduction of fees and expenses, closely correspond to the performance of the FTSE Chinese Policy Bank Bond Index (the “Index”).

2. MATERIAL ACCOUNTING POLICIES

The material accounting policies applied in the preparation of these financial statements are set out below. These policies have been consistently applied to all the years or period presented, unless otherwise stated.

(a)(i) Basis of preparation

The financial statements of the Sub-Funds have been prepared in accordance with IFRS Accounting Standards and the relevant disclosure provisions of the Trust Deed and the relevant disclosure provisions specified in Appendix E of the *Code on Unit Trusts and Mutual Funds* of the SFC (the “UT Code”).

The financial statements have been prepared under the historical cost convention, except for financial assets and liabilities classified as at fair value through profit or loss (“FVPL”) that have been measured at fair value. The financial statements are presented in Hong Kong dollars (“HK\$”) for Global X S&P Crude Oil Futures Enhanced ER ETF, United States dollars (“US\$”) for Global X Asia Pacific High Dividend Yield ETF and Global X Bloomberg MSCI Asia ex Japan Green Bond ETF and Renminbi (“RMB”) for Global X FTSE China Policy Bank Bond ETF and all values are rounded to the nearest HK\$, US\$ and RMB respectively except where otherwise indicated.

All references to net assets or net asset value throughout the financial statements refer to net assets attributable to unitholders unless otherwise stated.

(a)(ii) Critical accounting judgements, estimates and assumptions

The preparation of financial statements, in conformity with IFRS Accounting Standards, requires the Manager and the Trustee (collectively, the “Management”) to make judgements, estimates and assumptions that affect the application of accounting policies and the reported amounts recognised in the financial statements and disclosure of contingent liabilities. The estimates and associated assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstances, the results of which form the basis of making the judgements about carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates.

GLOBAL X ETF Series II

NOTES TO THE FINANCIAL STATEMENTS

31 March 2024

2. MATERIAL ACCOUNTING POLICIES (CONTINUED)

(a)(iii) New and amended standards adopted by the Sub-Funds

There are no standards, amendments to standards or interpretations that are effective for annual years beginning on 1 April 2023 that have a material effect on the financial statements of the Sub-Funds.

(a)(iv) New and amended standards and interpretations not yet adopted

A number of new standards, amendments to standards and interpretations are effective for annual years beginning after 1 April 2023 and have not been early adopted in preparing these financial statements. None of these are expected to have a material effect on the financial statements of the Sub-Funds.

(b) Financial instruments

(i) *Classification*

In accordance with IFRS 9, the Sub-Funds classify their financial assets and financial liabilities at initial recognition into the categories of financial assets and financial liabilities discussed below.

Financial assets

The Sub-Funds classify their financial assets as subsequently measured at amortised cost or measured at FVPL on the basis of both:

- The entity's business model for managing the financial assets; and
- The contractual cash flow characteristics of the financial asset

Financial assets measured at amortised cost

A debt instrument is measured at amortised cost if it is held within a business model whose objective is to hold financial assets in order to collect contractual cash flows and its contractual terms give rise on specified dates to cash flows that are solely payments of principal and interest ("SPPI") on the principal amount outstanding. The Sub-Funds include in this category short-term non-financing receivables including amount due from brokers, amount due from the Manager, interest receivables, time deposits with original maturity of more than three months and cash and cash equivalents.

GLOBAL X ETF Series II

NOTES TO THE FINANCIAL STATEMENTS

31 March 2024

2. MATERIAL ACCOUNTING POLICIES (CONTINUED)

(b) Financial instruments (continued)

(i) **Classification** (continued)

Financial assets measured at FVPL

A financial asset is measured at FVPL if:

- (a) Its contractual terms do not give rise to cash flows on specified dates that are SPPI on the principal amount outstanding; or
- (b) It is not held within a business model whose objective is either to collect contractual cash flows, or to both collect contractual cash flows and sell; or
- (c) At initial recognition, it is irrevocably designated as measured at FVPL when doing so eliminates or significantly reduces a measurement or recognition inconsistency that would otherwise arise from measuring assets or liabilities or recognising the gains and losses on them on different bases.

The Sub-Funds include in this category:

- Instruments held for trading: This category includes derivative contracts in an asset position.

Financial liabilities

Financial liabilities measured at FVPL

A financial liability is measured at FVPL, if it meets the definition of held for trading.

The Sub-Funds include in this category:

- Instruments held for trading: This category includes derivative contracts in a liability position held for trading.

Financial liabilities measured at amortised cost

This category includes all financial liabilities other than those measured at FVPL. The Sub-Funds include in this category management fee payable, trustee fee payable, formation fee payable, amount due to the Manager, registrar fee payable to the Trustee, amount payable on redemption of units and other payables and accruals.

(ii) **Recognition**

The Sub-Funds recognise a financial asset or a financial liability when and only when, it becomes a party to the contractual provisions of the instrument. Purchases and sales of financial assets at FVPL are accounted for on the trade date basis.

GLOBAL X ETF Series II

NOTES TO THE FINANCIAL STATEMENTS

31 March 2024

2. MATERIAL ACCOUNTING POLICIES (CONTINUED)

(b) Financial instruments (continued)

(iii) ***Initial measurement***

Financial assets and financial liabilities at FVPL are recorded in the statement of net assets at fair value. All transaction costs for such instruments are recognised directly in profit or loss.

Financial assets and liabilities (other than those classified as at FVPL) are measured initially at their fair value plus or minus any directly attributable incremental costs of acquisition or issue.

(iv) ***Subsequent measurement***

After initial measurement, the Sub-Funds measures financial instruments which are classified as at FVPL at fair value. Subsequent changes in the fair values of those financial instruments are recorded in “net change in unrealised gain/(loss) on financial assets and financial liabilities at FVPL” in “net gain/(loss) on financial assets and financial liabilities at FVPL”. Interest earned of such instruments is recorded separately in “interest income”.

Debt instruments, other than those classified as at FVPL, are measured at amortised cost using the effective interest method less any allowance for impairment. Gains and losses are recognised in profit or loss when the debt instruments are derecognised or impaired, as well as through the amortisation process.

Financial liabilities, other than those classified as at FVPL, are measured at amortised cost using the effective interest method. Gains and losses are recognised in profit or loss when the liabilities are derecognised, as well as through the amortisation process.

The effective interest method is a method of calculating the amortised cost of a financial asset or a financial liability and of allocating the interest income or interest expense over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash payments or receipts through the expected life of the financial asset or financial liability to the gross carrying amount of the financial asset or to the amortised cost of the financial liability. When calculating the effective interest rate, the Sub-Funds estimate cash flows considering all contractual terms of the financial instruments, but does not consider expected credit losses. The calculation includes all fees paid or received between parties to the contract that are an integral part of the effective interest rate, transaction costs and all other premiums or discounts.

GLOBAL X ETF Series II

NOTES TO THE FINANCIAL STATEMENTS

31 March 2024

2. MATERIAL ACCOUNTING POLICIES (CONTINUED)

(b) Financial instruments (continued)

(v) ***Derecognition***

A financial asset is derecognised when the rights to receive cash flows from the financial asset have expired, or where the Sub-Funds have transferred their rights to receive cash flows from the financial asset, or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a pass-through arrangement and either the Sub-Funds have transferred substantially all the risks and rewards of the asset or the Sub-Funds have neither transferred nor retained substantially all the risks and rewards of the financial asset, but has transferred control of the asset.

When the Sub-Funds have transferred its rights to receive cash flows from an asset (or has entered into a pass-through arrangement) and has neither transferred nor retained substantially all the risks and rewards of the asset nor transferred control of the asset, the asset is recognised to the extent of the Sub-Funds' continuing involvement in the asset. In that case, the Sub-Funds also recognise an associated liability. The transferred asset and the associated liability are measured on a basis that reflects the rights and obligations that the Sub-Funds have retained.

The Sub-Funds derecognise a financial liability when the obligation under the liability is discharged or cancelled, or expired.

(c) Fair value measurement

The Sub-Funds measure their investments in financial instruments at fair value at the end of each reporting date.

GLOBAL X ETF Series II

NOTES TO THE FINANCIAL STATEMENTS

31 March 2024

2. MATERIAL ACCOUNTING POLICIES (CONTINUED)

(c) Fair value measurement (continued)

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- in the principal market for the asset or liability; or
- in the absence of a principal market, in the most advantageous market for the asset or liability.

The principal or the most advantageous market must be accessible by the Sub-Funds.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

The fair value for financial instruments that are listed or traded on an exchange is based on quoted last traded market prices, that are within the bid-ask spread. Investments in listed bonds and listed futures contracts are valued using the last traded market prices.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- Level 1 — Quoted (unadjusted) market prices in active markets for identical assets or liabilities
- Level 2 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable
- Level 3 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable

For assets and liabilities that are recognised in the financial statements on a recurring basis, the Sub-Funds determine whether transfers have occurred between levels in the hierarchy by re-assessing categorisation (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

(d) Derivative financial instruments

Derivative financial instruments are recorded on a mark-to-market basis. Fair values are determined by using quoted market prices that are within the bid-ask spread for futures contracts. All derivatives are carried as assets when amounts are receivable by the Sub-Funds and as liabilities when amounts are payable by the Sub-Funds.

Unrealised gains and losses arising from changes in fair value and realised gains and losses are recognised in profit or loss.

GLOBAL X ETF Series II

NOTES TO THE FINANCIAL STATEMENTS

31 March 2024

2. MATERIAL ACCOUNTING POLICIES (CONTINUED)

(e) Income

Interest income is recognised in profit or loss on a time-proportionate basis using the effective interest method.

Dividend income on equity securities is recorded on the ex-dividend date with the corresponding foreign withholding taxes recorded as an expense.

Other income is accounted for on an accruals basis.

(f) Expenses

Expenses are recognised on an accrual basis.

(g) Cash and cash equivalents

Cash and cash equivalents in the statement of net assets comprise short term deposits in banks which are readily convertible to known amounts of cash and are subject to an insignificant risk of changes in value.

For the purpose of the statement of cash flows, cash and cash equivalents consist of cash and cash equivalents as defined above, net of outstanding bank overdrafts when applicable.

(h) Translation of foreign currencies

Functional and presentation currencies

Items included in the financial statements are measured using the currency of the primary economic environment in which the Sub-Funds operate (the “functional currency”). The performance of the Sub-Funds is measured and reported to the unitholders and in HK\$ for Global X S&P Crude Oil Futures Enhanced ER ETF, US\$ for Global X Asia Pacific High Dividend Yield ETF and Global X Bloomberg MSCI Asia ex Japan Green Bond ETF and RMB for Global X FTSE China Policy Bank Bond ETF. The Management considers the HK\$, US\$ and RMB as the currencies that most faithfully represent the economic effects of the underlying transactions, events and conditions. The financial statements of the Sub-Funds are presented in HK\$ for Global X S&P Crude Oil Futures Enhanced ER ETF, US\$ for Global X Asia Pacific High Dividend Yield ETF and Global X Bloomberg MSCI Asia ex Japan Green Bond ETF and RMB for Global X FTSE China Policy Bank Bond ETF, which are the Sub-Funds’ functional and presentation currencies.

Foreign currency translation

Transactions during the year, including purchases and sales of securities, income and expenses, are translated at the rate of exchange prevailing on the date of the transaction.

Monetary assets and liabilities denominated in foreign currencies are translated at the functional currency rates of exchange ruling at the end of the reporting period. Differences arising on settlement or transaction of monetary items are recognised in the statement of profit or loss and other comprehensive income.

GLOBAL X ETF Series II

NOTES TO THE FINANCIAL STATEMENTS

31 March 2024

2. MATERIAL ACCOUNTING POLICIES (CONTINUED)

(h) Translation of foreign currencies (continued)

Foreign currency translation (continued)

Non-monetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rates at the dates of the initial transactions. Non-monetary items measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value is determined.

Foreign currency transaction gains and losses on financial instruments classified as at FVPL are included in the statement of profit or loss and other comprehensive income.

(i) Redeemable units

Redeemable units are classified as an equity instrument when:

- (a) The redeemable units entitle the holder to a pro-rata share of the Sub-Funds' net assets in the event of the Sub-Funds' liquidation;
- (b) The redeemable units are in the class of instruments that is subordinate to all other classes of instruments;
- (c) All redeemable units in the class of instruments that is subordinate to all other classes of instruments have identical features;
- (d) The redeemable units do not include any contractual obligation to deliver cash or another financial asset other than the holder's rights to a pro-rata share of the Sub-Funds' net assets; or
- (e) The total expected cash flows attributable to the redeemable units over the life of the instrument are based substantially on the profit or loss, the change in the recognised net assets or the change in the fair value of the recognised and unrecognised net assets of the Sub-Funds over the life of the instrument.

In addition to the redeemable units having all the above features, the Sub-Funds must have no other financial instrument or contract that has:

- (a) Total cash flows based substantially on the profit or loss, the change in the recognised net assets or the change in the fair value of the recognised and unrecognised net assets of the Sub-Funds; and
- (b) The effect of substantially restricting or fixing the residual return to the redeemable unitholders.

The Sub-Funds' redeemable units meet the definition of puttable instruments classified as equity instruments under the revised IAS 32 and are classified as equity.

As at 31 March 2024, the Sub-Funds are only issued the Listed Class of Units.

GLOBAL X ETF Series II

NOTES TO THE FINANCIAL STATEMENTS

31 March 2024

2. MATERIAL ACCOUNTING POLICIES (CONTINUED)

(i) Redeemable units (continued)

The Sub-Funds continuously assess the classification of the redeemable units. If the redeemable units cease to have all the features or meet all the conditions set out to be classified as equity, the Sub-Funds will reclassify them as financial liabilities and measure them at fair value at the date of reclassification, with any differences from the previous carrying amount recognised in equity. If the redeemable units subsequently have all the features and meet the conditions to be classified as equity, the Sub-Funds will reclassify them as equity instruments and measure them at the carrying amount of the liabilities at the date of the reclassification.

Redeemable units can be redeemed in cash equal to a proportionate share of the Sub-Funds' net asset value. The Sub-Funds' net asset value per unit is calculated by dividing the net assets attributable to unitholders with the total number of outstanding units of the Sub-Funds.

(j) Amounts due from and to brokers

The amounts due from brokers include margin accounts and receivables for securities sold (in a regular way transaction) that have been contracted for, but not yet delivered, on the reporting date. Refer to the accounting policy for financial assets measured at amortised cost for recognition and measurement.

Margin accounts represent cash deposits held with brokers as collateral against open futures contracts.

Amounts due to brokers are payables for securities purchased (in a regular way transaction) that have been contracted for, but not yet delivered, on the reporting date. Refer to the accounting policy for financial liabilities measured at amortised cost for recognition and measurement.

(k) Impairment of financial assets

Impairment allowances are recognised under the general approach where expected credit losses are recognised in two stages. For credit exposures where there has not been a significant increase in credit risk since initial recognition, the Sub-Funds are required to provide for credit losses that result from possible default events within the next 12 months. For those credit exposures where there has been a significant increase in credit risk since initial recognition, a loss allowance is required for credit losses expected over the remaining life of the exposure irrespective of the timing of the default.

The Sub-Funds consider a default has occurred when a financial asset is more than 90 days past due unless the Sub-Funds have reasonable and supportable information to demonstrate that a more appropriate default criterion should be applied.

(l) Net change in unrealised gains or losses on financial assets/liabilities at FVPL

This item includes changes in the fair value of financial assets/liabilities as at FVPL.

GLOBAL X ETF Series II

NOTES TO THE FINANCIAL STATEMENTS

31 March 2024

2. MATERIAL ACCOUNTING POLICIES (CONTINUED)

- (l) Net change in unrealised gains or losses on financial assets/liabilities at FVPL (continued)

Unrealised gains and losses comprise changes in the fair value of financial instruments for the year and from reversal of prior period unrealised gains and losses for financial instruments which were realised in the reporting period.

- (m) Net realised gains or losses on disposal of financial assets/liabilities at FVPL

Net realised gains or losses on disposal of financial assets/liabilities classified as at FVPL are calculated using the weighted average method. They represent the difference between an instrument's average cost and disposal amount.

- (n) Offsetting financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the statement of net assets if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, or to realise the assets and settle the liabilities simultaneously.

- (o) Taxes

In some jurisdictions, investment income and capital gains are subject to withholding tax deducted from the source of the income. The Sub-Funds present the withholding tax separately from the gross investment income in profit or loss. For the purpose of the statement of cash flows, cash inflows from investments are presented net of withholding taxes, when applicable.

- (p) Distributions to unitholders

Distributions are at the discretion of the Manager. A distribution to the Sub-Funds' unitholders is accounted for as a deduction from net assets attributable to unitholders. A proposed distribution is recognised as a liability in the period in which it is approved by the Manager.

- (q) Transaction costs

Transaction costs are costs incurred to acquire financial assets/liabilities at FVPL. They include fees and commissions paid to agents, brokers and dealers. Transaction costs, when incurred, are immediately recognised in profit or loss as an expense.

2. MATERIAL ACCOUNTING POLICIES (CONTINUED)

(r) Related parties

A party is considered to be related to the Sub-Funds if:

- (a) the party is a person or a close member of that person's family and that person
 - (i) has control or joint control over the Sub-Funds;
 - (ii) has significant influence over the Sub-Funds; or
 - (iii) is a member of the key management personnel of the Sub-Funds or of a parent of the Sub-Funds;

or

- (b) the party is an entity where any of the following conditions applies:
 - (i) the entity and the Sub-Funds are members of the same group;
 - (ii) one entity is an associate or joint venture of the other entity (or of a parent, subsidiary or fellow subsidiary of the other entity);
 - (iii) the entity and the group are joint ventures of the same third party;
 - (iv) one entity is a joint venture of a third entity and the other entity is an associate of the third entity;
 - (v) the entity is a post-employment benefit plan for the benefit of employees of either the Sub-Funds or an entity related to the Sub-Funds;
 - (vi) the entity is controlled or jointly controlled by a person identified in (a);
 - (vii) a person identified in (a)(i) has significant influence over the entity or is a member of the key management personnel of the entity (or of a parent of the entity); and
 - (viii) the entity, or any member of a group of which it is a part, provides key management personnel services to the Sub-Funds or to the parent of the Sub-Funds.

(s) Changes to presentation and comparative information

When the presentation or classification of items in the financial statements is amended, comparative amounts have been updated to conform with the current year's presentation or classification.

GLOBAL X ETF SERIES

NOTES TO THE FINANCIAL STATEMENTS

31 March 2024

3. NET ASSETS ATTRIBUTABLE TO UNITHOLDERS AND MOVEMENT OF UNITS

(a) Net assets attributable to unitholders

The creation and redemption of units of the Sub-Funds can only be facilitated by or through participating dealers. Investors other than the participating dealers make a request to create or redeem units through a participating dealer and if the investor is a retail investor, such request must be made through a stockbroker which has opened an account with a participating dealer. Units are created or redeemed at a minimum of 250,000 units or in multiples thereof for Global X S&P Crude Oil Futures Enhanced ER ETF, 50,000 units for Global X Asia Pacific High Dividend Yield ETF, 15,000 units for Global X Bloomberg MSCI Asia ex Japan Green Bond ETF and Global X FTSE China Policy Bank Bond ETF.

The Trustee shall receive subscription proceeds from the participating dealers for the creation of units and pay redemption proceeds for the redemption of units to the relevant participating dealer in such form and manner as prescribed by the Trust Deed. Subscriptions and redemptions of units during the year are shown on the statement of changes in net assets attributable to unitholders.

The Accounting NAV and Dealing NAV for the Sub-Funds are different as at 31 March 2024 and 2023 as shown below:

5. TRANSACTIONS WITH THE TRUSTEE, MANAGER AND THEIR CONNECTED PERSONS

Related parties are those as defined in note 2(r). Related parties of the Sub-Funds also include the Trustee, the Manager of the Sub-Funds and their connected persons. Connected persons of the Trustee, the Manager are those as defined in the UT Code. All transactions entered into during the year between the Sub-Funds and their related parties, including the Trustee, the Manager and their connected persons, were carried out in the normal course of business and on normal commercial terms.

To the best of the Manager's knowledge, the Sub-Funds do not have any other transactions with their related parties, including the Trustee, the Manager and their connected persons, except for those disclosed below.

(a) Management fee

Global X S&P Crude Oil Futures Enhanced ER ETF

The Manager is entitled to receive a management fee of up to 0.99% per year of the net asset value of the Sub-Fund. The current management fee in respect of the Sub-Fund is 0.75% (2023: 0.75%) of the net asset value and is accrued daily and calculated as at each dealing day and payable monthly in arrears with no fixed terms.

Global X Asia Pacific High Dividend Yield ETF¹, Global X Bloomberg MSCI Asia ex Japan Green Bond ETF² and Global X FTSE China Policy Bank Bond ETF³

The Manager is entitled to receive a management fee of up to 2% per year of the net asset value of the Sub-Funds. The fee is accrued daily and calculated as at each dealing day and payable monthly in arrears.

The Sub-Funds employ a single management fee structure for Listed and Unlisted Class of Units, with the Sub-Fund paying all of its fees, costs and expenses (and its due proportion of any costs and expenses of the Trust allocated to it) as a single flat fee. Fees and expenses taken into account in determining a Sub-Fund's Management Fee include, but are not limited to, the Manager's fee, Trustee's fee, the Registrar's fees and the Service Agent's fee, fees and expenses of the auditors, establishment costs, ordinary out-of-pocket expenses incurred by the Manager or the Trustee and costs and expenses of licensing indices used in connection with the Sub-Fund.

The current management fee rate for the Listed Class of the Sub-funds are as follow:

| | <u>Annual rate of the net assets in % Listed Class</u> | |
|--|--|-------|
| | 2024 | 2023 |
| Global X Asia Pacific High Dividend Yield ETF | 0.68% | 0.68% |
| Global X Bloomberg MSCI Asia ex Japan Green Bond ETF | 0.40% | 0.40% |
| Global X FTSE China Policy Bank Bond ETF | 0.30% | 0.30% |

There are no Unlisted Class of Units issued for Global X Asia Pacific High Dividend Yield ETF, Global X Bloomberg MSCI Asia ex Japan Green Bond ETF and Global X FTSE China Policy Bank Bond ETF for the year ended 31 March 2024 and the period from 26 July 2022 (date of inception) to 31 March 2023.

8. TRANSACTION COSTS

Transaction costs are costs incurred to acquire/dispose financial assets or liabilities at fair value through profit or loss. They include fees and commissions paid to agents, advisers, brokers and dealers.

9. SOFT COMMISSION ARRANGEMENTS

The Manager may effect transactions, provided that any such transaction is consistent with standards of “best execution”, by or through the agency of another person for the account of the Sub-Funds with whom the Manager or any of its connected persons have an arrangement under which that party will from time to time provide to or procure for the Manager or any of its connected persons goods, services or other benefits (such as advisory services, computer hardware associated with specialised software or research services and performance measures) the nature of which is such that their provision can reasonably be expected to benefit the Sub-Funds as a whole and may contribute to an improvement in the performance of the Sub-Funds. For the avoidance of doubt, such goods and services may not include travel, accommodation, entertainment, general administrative goods or services, general office equipment or premises, membership fees, employees’ salaries or direct money payments. Since the inception of the Sub-Funds, the Manager has not participated in any soft commission arrangements in respect of any transactions for the account of the Sub-Funds.

10. TAXATION

No provision for Hong Kong profits tax has been made for the Sub-Funds as it is authorised as collective investment schemes under section 104 of the Hong Kong Securities and Futures Ordinance and is therefore exempt from Hong Kong Profits Tax under section 26A(1A) of the Hong Kong Inland Revenue Ordinance.

The Global X Asia Pacific High Dividend Yield ETF and Global X FTSE China Policy Bank Bond ETF currently incurs withholding taxes on investment income. Such income is recorded gross of withholding taxes in the statement of comprehensive income. Withholding taxes are included in the statement of comprehensive income.

(a) Strategy in using financial instruments

Investment objectives and investment policies

The investment objective of the Global X S&P Crude Oil Futures Enhanced ER ETF is to provide investment results that, before deduction of fees and expenses, closely correspond to the performance of the S&P GSCI Crude Oil Enhanced Index Excess Return (the “Index”). Refer to note 1 for details.

The investment objective of the Global X Asia Pacific High Dividend Yield ETF is to provide investment results that, before deduction of fees and expenses, closely correspond to the performance of the Solactive Asia Pacific High Dividend Yield Index (the “Index”). Refer to note 1 for details.

The investment objective of the Global X Bloomberg MSCI Asia ex Japan Green Bond ETF is to provide investment results that, before deduction of fees and expenses, closely correspond to the performance of the Bloomberg MSCI Asia ex Japan USD Green Bond Index (the “Index”). Refer to note 1 for details.

The investment objective of the Global X FTSE China Policy Bank Bond ETF is to provide investment results that, before deduction of fees and expenses, closely correspond to the performance of the FTSE Chinese Policy Bank Bond Index (the “Index”). Refer to note 1 for details.

The Sub-Funds themselves are subject to various risks. The main risks associated with the investments, assets and liabilities of the Sub-Funds are set out below:

GLOBAL X ETF SERIES

NOTES TO THE FINANCIAL STATEMENTS

31 March 2024

13. FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES (CONTINUED)

(b) Market risk

(i) *Market price risk*

Market price risk is the risk that the value of a financial instrument will fluctuate as a result of changes in market prices, whether those changes are caused by factors specific to the individual instrument or factors affecting all instruments in the market.

The Sub-Funds are designated to track the performance of their respective indices and therefore the exposures to market risk in the Sub-Funds will be substantially the same as the tracked indices. The Manager manages the Sub-Funds' exposures to market risk by ensuring that the key characteristics of the portfolio, such as security weight and industry weight, are closely aligned with the characteristics of the tracked indices.

The Global X S&P Crude Oil Futures Enhanced ER ETF primarily invests in WTI Futures Contracts. There is only one type of commodities (i.e. crude oil). Crude oil prices are highly volatile and may fluctuate widely and may be affected by numerous events or factors such as crude oil production and sale, complex interaction of supply and demand of crude oil, weather, crude oil inventory level, war, speculator's activities, Organization of the Petroleum Exporting Countries' behaviour and control, economic activity of significant crude oil use country and other financial market factors.

The Global X Asia Pacific High Dividend Yield ETF primarily invests in equities which are closely correspond to the performance of the Solactive Asia Pacific High Dividend Yield Index. The Index is subject to concentration risk as a result of tracking the performance of a single geographical region, namely the Asia Pacific region. The Net Asset Value of the Sub-Fund is therefore likely to be more volatile than a broad-based fund that adopts a more diversified strategy, such as a global fund, as the Index is more susceptible to fluctuations in value resulting from adverse economic, political, policy, foreign exchange, liquidity, tax, legal or regulatory event affecting the relevant Jurisdictions in the Asia Pacific region.

The Global X Bloomberg MSCI Asia ex Japan Green Bond ETF primarily invests in bond securities, may be concentrated in Green Bonds. The use of the GBP (the "Green Bond Principles") based selection criteria in the construction of the Index and the adoption of the Green Bond investment strategy of the Sub-Fund may result in the Sub-Fund foregoing opportunities to buy certain securities when it might otherwise be advantageous to do so, and/or selling securities when it might be disadvantageous to do so. This may adversely affect the Sub-Fund's investment performance and, as such, the Sub-Fund may perform differently compared to similar funds that do not use such criteria. The value of the Sub-Fund may be more volatile than that of a fund having a more diverse portfolio of investments.

GLOBAL X ETF SERIES

NOTES TO THE FINANCIAL STATEMENTS

31 March 2024

13. FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES (CONTINUED)

(b) Market risk (continued)

(i) *Market price risk* (continued)

Global X FTSE China Policy Bank Bond ETF primarily invests in RMB denominated bond securities issued by PRC policy banks. It is subject to concentration risk as a result of tracking the performance of a single geographical region, namely the PRC and is concentrated in bonds of a few issuers (being the PRC policy bank bond issuers). The value of the Sub-Fund may be more volatile than that of a fund having a more diverse portfolio of investments and may be more susceptible to adverse economic, political, policy, foreign exchange, liquidity, tax, legal or regulatory event affecting the PRC market.

As at 31 March 2024 and 2023, financial assets and financial liabilities of Global X S&P Crude Oil Futures Enhanced ER ETF, Global X Asia Pacific High Dividend Yield ETF, Global X Bloomberg MSCI Asia ex Japan Green Bond ETF and Global X FTSE China Policy Bank Bond ETF at FVPL were concentrated in the following markets:

Sensitivity analysis in the event of a possible change in the tracked indices by sensitivity threshold as estimated by the Manager

As at 31 March 2024 and 2023, if the Index increases with all other variables held constant, this would increase the net asset value of the Sub-Funds as stated in the following table. Conversely, if the tracked index decreases by the same sensitivity threshold, this would decrease the net asset value of the Sub-Funds as stated in the following table.

The Manager has used their view of what would be a “reasonable shift” in each key market to estimate the change for use in the market sensitivity analysis above. The disclosures above are shown in absolute terms, changes and impacts could be positive or negative. Changes in the market index % are revised annually depending on the Manager’s current view of market volatility and other relevant factors.

(ii) *Interest rate risk*

Interest rate risk arises from the effects of fluctuations in the prevailing levels of market interest rates on the fair value of financial assets and liabilities and future cash flow.

The Manager manages the Sub-Funds by ensuring that the Sub-Funds replicate the underlying index movements effectively based on market exposures as well as duration risk across the yield curve.

As at 31 March 2024 and 2023, Global X S&P Crude Oil Futures Enhanced ER ETF invested in WTI Futures Contracts and cash and cash equivalents, including money market fund and short-term deposits. The majority of these assets are with maturity less than 3 months and are subject to interest rate risk. Interest rate risk is generally lower for short term deposits and higher for long term deposits.

As at 31 March 2024 and 2023, the majority of financial assets and liabilities held by and Global X Asia Pacific High Dividend Yield ETF are non-interest-bearing. As a result, the Sub-Funds are not subject to significant amount of risk due to fluctuations in the prevailing levels of market interest rates. The only financial assets subject to floating interest rates are bank balance. Given that the interest rate arising from bank balance is immaterial, the Manager considers the interest rate risk is low.

GLOBAL X ETF SERIES

NOTES TO THE FINANCIAL STATEMENTS

13. FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES (CONTINUED)

(b) Market risk (continued)

(ii) *Interest rate risk* (continued)

As at 31 March 2024 and 2023, Global X Bloomberg MSCI Asia ex Japan Green Bond ETF and Global X FTSE China Policy Bank Bond ETF invested in fixed-income securities and was subject to interest rate risk. Interest rate risk is the risk that the value of the Sub-Funds' portfolio will decline because of rising interest rates. Interest rate risk is generally lower for shorter term fixed income investments and higher for longer term fixed income investments.

As Global X Bloomberg MSCI Asia ex Japan Green Bond ETF and Global X FTSE China Policy Bank Bond ETF, invested in PRC bonds, the Sub-Funds are additionally subject to policy risk as changes in macro-economic policies in the PRC (including monetary policy and fiscal policy) may have an influence over the PRC's capital markets and affect the pricing of the bonds in the Sub-Funds' portfolio, which may in turn adversely affect the return of the Sub-Fund. Falling market interest rates can lead to a decline in income for the Sub-Fund.

The table below summarises the Sub-Funds' exposure to interest rate risks. It includes the Sub-Fund's assets and liabilities at fair values, categorised by the earlier of contractual re-pricing or maturity dates.

13. FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES (CONTINUED)

(b) Market risk (continued)

(ii) *Interest rate risk* (continued)

The Manager and Trustee monitor the interest rate risks by quantifying (a) market exposure in percentage terms; and (b) exposure in duration terms by different countries. As at 31 March 2024 and 2023, portfolio weighted average modified duration of the Sub-Funds is as follows:

| | Portfolio weighted average modified duration (years) | |
|--|--|----------------------------|
| | <u>As at 31 March 2024</u> | <u>As at 31 March 2023</u> |
| Global X Bloomberg MSCI Asia ex Japan Green Bond ETF | 3.06 | 3.78 |
| Global X FTSE China Policy Bank Bond ETF | 4.39 | 4.68 |

Sensitivity analysis in the event of a possible change in the interest rates

As at 31 March 2024 and 2023, should the relevant interest rates have lowered/risen by 100 (2023: 100) basis points with all other variables remaining constant, the net assets attributable to unitholders for the year/period would be impacted by amount as stated in the following table, arising substantially from the increase/decrease in market values of debt securities.

| | Impact on net assets attributable to unitholders | |
|--|--|----------------------------|
| | <u>As at 31 March 2024</u> | <u>As at 31 March 2023</u> |
| Global X S&P Crude Oil Futures Enhanced ER ETF (in HK\$) | | |

13. FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES (CONTINUED)

(b) Market risk (continued)

(iii) *Currency risk*

Currency risk is the risk that the value of a financial instrument will fluctuate due to changes in foreign exchange rates.

Global X S&P Crude Oil Futures Enhanced ER ETF holds monetary assets and monetary liabilities denominated in United States dollars, a currency other than its functional currency, which is Hong Kong dollar. The Manager considers that there is no currency risk to the United States dollar which is a currency pegged with the Hong Kong dollar, and therefore the Sub-Fund is not exposed to significant currency risk.

As at 31 March 2024 and 2023, the Sub-Funds namely Global X Bloomberg MSCI Asia ex Japan Green Bond ETF and Global X FTSE China Policy Bank Bond ETF had monetary assets and liabilities in its respective functional currency, hence there is no currency risk exposure.

As at 31 March 2024 and 2023, Global X Asia Pacific High Dividend Yield ETF is not subject to significant currency risk arising from the monetary assets and monetary liabilities denominated in currencies other than its functional currencies. Accordingly, the Manager considers that it is not necessary to present a sensitivity analysis of currency risk.

GLOBAL X ETF SERIES

NOTES TO THE FINANCIAL STATEMENTS

31 March 2024

13. FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES (CONTINUED)

(c) Credit risk

Credit risk is the risk that an issuer or counterparty will be unable or unwilling to pay amounts in full when due.

The Sub-Funds' financial assets which are potentially subject to credit risk consist principally of cash and cash equivalents and bonds. The Sub-Funds limit their exposure to credit risk by transacting with well-established broker-dealers and banks with high credit ratings.

All transactions in securities are settled or paid for upon delivery using approved and reputable brokers. The risk of default is considered minimal as delivery of securities sold is only made once the broker has received payment. Payment is made on a purchase once the securities have been received by the broker. The trade will fail if either party fails to meet its obligation.

The main concentration to which Global X Bloomberg MSCI Asia ex Japan Green Bond ETF and Global X FTSE China Policy Bank Bond ETF, are exposed arises from the Sub-Funds' investments in bond securities. The Sub-Funds do not have explicit restrictions on the minimum credit ratings of securities it may hold. The Manager will actively manage the portfolio of the Sub-Funds. In case of credit rating downgrading, the Manager will adjust the positions in the portfolio using its credit analysis and rating systems that are designed to manage credit risks.

The Manager has assessed the credit quality of the bonds based on the nature of the issuers and the historical information about the issuers' default rates. As at 31 March 2024 and 2023, the credit ratings of the bond securities for the Sub-Funds are at or above investment grade.

GLOBAL X ETF SERIES

NOTES TO THE FINANCIAL STATEMENTS

31 March 2024

13. FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES (CONTINUED)

(c) Credit risk (continued)

Financial assets subject to IFRS 9's impairment requirements

The Sub-Funds' financial assets subject to the expected credit loss model within IFRS 9 are amounts due from brokers, amount due from the Manager, dividends receivables, interest receivables, time deposits with original maturity of more than three months and cash and cash equivalents. No (2023: no) assets are considered impaired and no (2023: no) amounts have been written off during the year.

For financial assets measured at amortised cost, the Sub-Funds apply the general approach for impairment, there is no information indicating that the financial assets had a significant increase in credit risk since initial recognition. The financial assets therefore are still classified at stage 1. As a result, no loss allowance has been recognised as any such impairment would be wholly insignificant to the Sub-Funds.

Financial assets not subject to IFRS 9's impairment requirements

The Sub-Funds are exposed to credit risk on derivative financial instruments, investments in bonds and equities. They are not subject to IFRS 9's impairment requirements as they are measured at FVPL. The carrying value of these assets, under IFRS 9 represents the Sub-Funds' maximum exposure to credit risk on financial instruments not subject to the IFRS 9 impairment requirements on the respective reporting dates. Hence, no separate maximum exposure to credit risk disclosure is provided for these instruments.

The Sub-Funds' financial assets which are potentially subject to concentrations of counterparty risk consist principally of financial assets at fair value through profit or loss, amount due from brokers, bank balances and time deposits. In the event of the bankruptcy of the exchange's clearing house, the Sub-Funds could be exposed to a risk of loss with respect to its assets that are posted as margin.

As at 31 March 2024 and 2023, the credit ratings of the counterparties are at or above investment grade.

The maximum exposure to credit risk as at 31 March 2024 and 2023 is the carrying amount of the financial assets as shown on the statement of net assets.

NOTES TO THE FINANCIAL STATEMENTS

31 March 2024

13. FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES (CONTINUED)

(d) Liquidity risk

Liquidity risk is the risk that an entity will encounter difficulty in settling a liability, including a redemption request. Global X S&P Crude Oil Futures Enhanced ER ETF invests the majority of its assets in WTI Futures Contracts plus money market instruments, Global X Asia Pacific High Dividend Yield ETF invests in equities and Global X Bloomberg MSCI Asia ex Japan Green Bond ETF and Global X FTSE China Policy Bank Bond ETF invests in bonds and money market instruments. The Sub-Funds' securities are considered readily realisable, as they are listed. It is the intent of the Manager to monitor the Sub-Funds' liquidity position on a daily basis. The expected liquidity of financial assets of each Sub-Fund are either on demand or less than 1 month. The following table illustrates the contractual undiscounted cash-flow projection of the Sub-Funds' financial liabilities as at 31 March 2024 and 2023. The Sub-Funds' manages its liquidity risk by investing in securities that it expects to be able to liquidate within 1 month or less. Balances due within 12 months equal their carrying balances, as the impact of discounting is not significant.

NOTES TO THE FINANCIAL STATEMENTS

31 March 2024

13. FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES (CONTINUED)

(e) Fair value estimation

The fair values of financial assets and liabilities traded in active markets (such as publicly traded derivatives and trading securities) are based on quoted market prices at the close of trading on the year end date. The Sub-Funds uses last traded market prices as its fair valuation inputs for financial assets.

An active market is a market in which transactions for the assets or liabilities take place with sufficient frequency and volume to provide pricing information on an ongoing basis.

A financial instrument is regarded as quoted in an active market if quoted prices are readily and regularly available from an exchange, dealer, broker, industry group, pricing service, or regulatory agency and those prices represent actual and regularly occurring market transactions on an arm's length basis.

IFRS 13 requires the Sub-Funds to classify fair value measurements using a fair value hierarchy that reflects the significance of the inputs used in making the measurements. The level in the fair value hierarchy within which the fair value measurement is categorised in its entirety is determined on the basis of the lowest level input that is significant to the fair value measurement in its entirety. For this purpose, the significance of an input is assessed against the fair value measurement in its entirety. If a fair value measurement uses observable inputs that require significant adjustment based on unobservable inputs, that measurement is a Level 3 measurement. Assessing the significance of a particular input to the fair value measurement in its entirety requires judgement, considering factors specific to the assets or liabilities.

The determination of what constitutes "observable" requires significant judgement by the Sub-Funds. The Sub-Funds considers observable data to be that market data that is readily available, regularly distributed or updated, reliable and verifiable, not proprietary and provided by independent sources that are actively involved in the relevant markets.

Financial assets and financial liabilities carried at fair value

The following tables analyse within the fair value hierarchy the Sub-Funds' financial assets and financial liabilities (by class) within the fair value hierarchy measured at fair value:

GLOBAL X ETF SERIES

NOTES TO THE FINANCIAL STATEMENTS

31 March 2024

13. FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES (CONTINUED)

(e) Fair value estimation (continued)

Financial assets and financial liabilities carried at fair value (continued)

Investments whose values are based on quoted market prices in active markets and therefore classified within Level 1, include futures contracts, active listed equities, active listed bonds and money market instruments. The Sub-Funds do not adjust the quoted price for these instruments.

Financial instruments that trade in markets that are not considered to be active but are valued based on quoted market prices, dealer quotations or alternative pricing sources supported by observable inputs are classified within Level 2.

Investments classified within Level 3 have significant unobservable inputs, as observable prices are not available for these securities, the Sub-Funds have used valuation techniques to derive the fair value.

There were no transfers between levels during the year/period ended 31 March 2024 and 2023.

Other financial assets and financial liabilities

The Manager has assessed that the carrying values of an amounts due from brokers, an amount due from the Manager, interest receivables, dividend receivables, cash and cash equivalents, other receivables, an amount due to a broker, management fee payable, trustee fee payable, amount due to the Manager, registrar fee payable to the Trustee, amount payable on redemption of units and other payables and accruals approximate to their fair values largely due to the short-term maturities of these instruments.

(f) Capital risk management

The Sub-Funds' capital is represented by the net assets attributable to unitholders. The Sub-Funds' objective is to provide investment results that correspond generally to the performance of the index. The Manager may:

- redeem and issue new units in accordance with the constitutive documents of the Sub-Funds;
- exercise discretion when determining the amount of distributions of the Sub-Funds to the unitholders; and
- suspend the creation and redemption of units under certain circumstances stipulated in the Trust Deed.

(g) Offsetting and amounts subject to master netting arrangements and similar agreements

The Sub-Fund namely Global X S&P Crude Oil Futures Enhanced ER ETF presents the fair value of its derivative assets and liabilities on a gross basis, no such assets or liabilities have been offset in the statement of net assets. Certain derivative financial instruments are subject to enforceable master netting arrangements.

The arrangements allow for offsetting following an event of default, but not in the ordinary course of business and the Sub-Fund does not intend to settle these transactions on a net basis or settle the assets and liabilities on a simultaneous basis.

NOTES TO THE FINANCIAL STATEMENTS

31 March 2024

13. FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES (CONTINUED)

- (g) Offsetting and amounts subject to master netting arrangements and similar agreements (continued)

The Sub-Funds namely Global X Asia Pacific High Dividend Yield ETF, Global X Bloomberg MSCI Asia ex Japan Green Bond ETF and Global X FTSE China Policy Bank Bond ETF did not have any unsettled futures contracts and were not subject to the above arrangement at the end of the reporting year/period.

14. INVESTMENT LIMITATION AND PROHIBITIONS UNDER THE SFC CODE

The UT Code allows the Sub-Funds to invest in constituent securities issued by a single issuer for more than 10% of the Sub-Funds' net asset value provided that:

- (a) the investment is limited to any constituent securities that each accounts for more than 10% of the weighting of the tracked index; and
- (b) the Sub-Funds' holding of any such constituent securities may not exceed their respective weightings in the tracked index, except where weightings are exceeded as a result of changes in the composition of the tracked index and the excess is only transitional and temporary in nature.

Pursuant to the UT Code, it allows the Sub-Fund to invest up to the 30% of the Net Asset Value in Government and other Public Securities of the same issue and, subject to the foregoing, the Sub-Fund may fully invest in Government and other Public Securities in at least six different issues.

The UT Code allows net derivative exposure of the Sub-Fund that invest extensively in financial derivative instruments may be up to 100% of the Net Asset Value of the Sub-Fund. Constituent future contracts that account for more than 10% of weighting of the relevant index of the Sub-Funds as at year end were as follows:

| | <u>As at 31 March 2024</u> | | <u>As at 31 March 2023</u> | |
|---|---------------------------------------|---|---------------------------------------|---|
| | Respective weighting in the Index (%) | % of net derivative exposure to Net Asset Value | Respective weighting in the Index (%) | % of net derivative exposure to Net Asset Value |
| <i>Global X S&P Crude Oil Futures Enhanced ER ETF</i> | | | | |
| WTI CRUDE FUTURE | 100% | 99.45% | 100% | 99.92% |

The Manager and the Trustee have confirmed that the Sub-Funds have complied with this limit during the year/period ended 31 March 2024 and 2023.

15. SEGMENT INFORMATION

The Manager makes the strategic resource allocations on behalf of the Sub-Funds and has determined the operating segments based on the reports reviewed which are used to make strategic decisions.

The Manager considers that the Sub-Funds has a single operating segment which is investing in crude oil futures for Global X S&P Crude Oil Futures Enhanced ER ETF, in equities for Global X Asia Pacific High Dividend Yield ETF, and in bonds for Global X Bloomberg MSCI Asia ex Japan Green Bond ETF and Global X FTSE China Policy Bank Bond ETF. The objective of the Sub-Funds is to provide investment results that, before deduction of fees and expenses, closely correspond to the performance of the Index.

The internal financial information used by the Manager for the Sub-Funds' assets, liabilities and performance is the same as that disclosed in the statement of net assets and statement of profit or loss and other comprehensive income.

There were no changes in the reportable segment during the year/period ended 31 March 2024 and 2023.

The Sub-Funds are domiciled in Hong Kong. Majority of the Sub-Funds' income is derived from investments in financial assets and financial liabilities at FVTPL.

16. EVENT AFTER THE REPORTING PERIOD

Subsequent to 31 March 2024 and up to the date of authorization of these financial statements, there were redemptions of 300,00 units on Global X Asia Pacific High Dividend Yield ETF which amounts to US\$3,008,550.

17. APPROVAL OF THE FINANCIAL STATEMENTS

The financial statements were approved and authorised for issue by the Manager and the Trustee on 26 July 2024.

GLOBAL X ETF Series II

ESG DISCLOSURE FOR GLOBAL X BLOOMBERG MSCI ASIA EX JAPAN GREEN BOND ETF (UNAUDITED)

| | Global X ETF Series II Global X Bloomberg MSCI Asia ex Japan Green Bond ETF (1 April 2023 – 31 March 2024) |
|--|--|
| Actual proportion of underlying investments that are commensurate with the Sub-Fund’s ESG focus | From 1 April 2023 to 31 March 2024 , 99.1% of the Sub-Fund’s average net asset value was invested in securities that are commensurate with the Sub-Fund’s ESG focus. |
| Actual proportion of the investment universe that was eliminated or selected as a result of the Sub-Fund’s ESG-related screening | <p>Global X Bloomberg MSCI Asia ex Japan Green Bond ETF is an index-tracking fund, which invests in constituents of the Bloomberg MSCI Asia ex Japan USD Green Bond Index (the “Underlying Index”). The investment decisions are based on the criteria set forth in the index methodology established by index provider. The Manager places reliance on the index methodology of the Underlying Index.</p> <p>The Underlying Index is a market capitalisation weighted index and a fixed income benchmark designed to track the performance of the Asian (excluding Japanese) market for green bonds. Green bonds are fixed income securities the proceeds of which will be exclusively and formally applied to projects or activities that promote climate or other environmental sustainability purposes (i.e. the Sub-Fund’s ESG focus). To determine whether a particular bond should be classified as a green bond, bonds are independently evaluated by MSCI ESG Research along four eligibility criteria which reflect themes articulated in the Green Bond Principles. These criteria are as follows: (i) a bond’s stated use of proceeds; (ii) a bond’s process for green project evaluation and selection; (iii) a bond’s process for management of proceeds; and (iv) a bond’s commitment to ongoing reporting of the environmental performance of the use of proceeds.</p> |
| Comparison of the performance of the Sub-Fund’s ESG factors against the designated reference benchmark (if any) | Not applicable |
| Actions taken by the Sub-Fund in attaining the Sub-Fund’s ESG focus | The Manager engages directly with the index provider of Bloomberg MSCI Asia ex Japan USD Green Bond Index on an ongoing basis to ensure that the Sub-Fund’s ESG focus has been duly considered and the suitable ESG criteria have been used in the index methodology. |

GLOBAL X ETF Series II

**ESG DISCLOSURE FOR GLOBAL X BLOOMBERG MSCI ASIA EX JAPAN GREEN BOND ETF
(UNAUDITED) (CONTINUED)**

| | Global X ETF Series II Global X Bloomberg MSCI Asia ex Japan Green Bond ETF (1 April 2023 – 31 March 2024) |
|--|---|
| Description of the basis of the assessment performed | The underlying index of the Sub-Fund only includes securities issued by companies that are commensurate with the Sub-Fund's ESG focus. The actual proportion of underlying investments that are commensurate with the Sub-Fund's ESG focus is determined based on the proportion of net asset value of the Sub-Fund invested in constituents of underlying index of the Sub-Fund. |

**GLOBAL X ETF Series II
PERFORMANCE RECORD (UNAUDITED) (CONTINUED)**

**COMPARISON OF THE SCHEME PERFORMANCE AND THE ACTUAL INDEX
PERFORMANCE (CONTINUED)**

| | <u>For the period from 10 June 2016 (date of inception) to 31 March 2017</u> | |
|---|--|------------------------|
| | Sub-Fund performance (%) | Index* performance (%) |
| Global X S&P Crude Oil Futures Enhanced ER ETF ⁴ | (4.00) | (3.86) |

*The tracking index of the Sub-Fund is an excess return index (“Excess Return” does not mean any additional return on the ETF’s performance), which means the Index measures the returns accrued from investing in uncollateralised WTI Futures Contracts (i.e., the sum of the price return and the roll return associated with an investment in WTI Futures Contracts).
