Global X ETF Series (the “Trust”)

Global X MSCI China ETF

(Stock Code: 3040)

(the “Sub-Fund”)

(a sub-fund of Global X ETF Series, a Hong Kong umbrella unit trust, authorised under Section 104 of the Securities and Futures Ordinance (Cap. 571) of Hong Kong)¹

Addition of USD Counter

The units of the Sub-Fund (the “Units”) are currently denominated in Hong Kong dollars (“HKD”) and traded in HKD. Mirae Asset Global Investments (Hong Kong) Limited, the Manager of the Trust and the Sub-Fund (the “Manager”), wishes to inform Unitholders of the Sub-Fund that the Manager has been granted approval by the SEHK for the Units to be available for trading on the SEHK and deposit, clearing and settlement in the Central Clearing and Settlement System (“CCASS”) under a Dual Counter arrangement with the addition of a USD counter from 13 April 2023 (the “Effective Date”) onwards. As such, Units will, from the Effective Date, be traded on the SEHK in HKD and USD.

Dual Counter model

Investors should note that Units are denominated in the Base Currency of the Sub-Fund, which is HKD, and the creation of new Units and realisation of Units in the primary market are settled in the Base Currency. By virtue of the Dual Counter arrangement, the Sub-Fund will offer two trading counters on the SEHK (i.e. HKD counter and USD counter) to investors for secondary trading purposes. Units traded in HKD counter will be settled in HKD; and Units traded in USD counter will be settled in USD. Apart from settlement in different currencies, the trading prices of Units in different counters may be different as each counter is a distinct and separate market.

Units created and issued pursuant to a Creation Application may be deposited in CCASS as HKD traded Units or USD traded Units initially. A Participating Dealer may, subject to arrangement with the Manager, elect to CCASS to have Units deposited in either of the two counters. Units realised pursuant to a Realisation Application may be withdrawn from any trading counter (i.e. HKD or USD trading counter). Units of both counters may be realised by way of a Realisation Application through a Participating Dealer.

Notwithstanding a Dual Counter being adopted, (a) Units traded on both counters are of the same class with the same rights attached thereto and all Unitholders of all these counters are treated equally; (b) all cash Creation Applications must be made in the Base Currency; and (c) any cash proceeds received by a Participating Dealer

It does not mean the scheme is suitable for all investors nor is it an endorsement of its suitability for any particular investor or class of investors.

in a cash Realisation Application shall be paid only in the Base Currency. In-kind creations and realisations are still available in the manner described in the Prospectus (as defined below) of the Trust and will be unaffected by the Dual Counter arrangement.

The board lot size for each counter are the same, being 100 Units.

Investors should note that each Unitholder will receive distributions in HKD only (whether they are holding HKD or USD traded Units).

Stock codes and stock short names

The USD counter will, from the Effective Date, have a stock code, an English stock short name, a Chinese stock short name and an ISIN number as 9040, GX MSCI CHINA-U, GX 中國-U and HK0000922085 respectively.

The Chinese stock short name of the HKD counter will be changed from “GXMSCI 中國” to “GX 中國” with effect from the Effective Date. The stock code, English stock short name and ISIN number of the HKD counter remain unchanged.

Inter-counter transfer

Normally, investors can buy and sell Units traded in the same counter or alternatively buy in one counter and sell in another counter provided their brokers provide HKD and USD trading services at the same time and offer inter-counter transfer services to support Dual Counter trading. Inter-counter buy and sell is permissible even if the trades take place within the same trading day. However, investors should note that the trading price of Units traded in different counters may be different and may not always maintain a close relationship depending on factors such as market demand and supply and liquidity in each counter.

Investors should consult their brokers if they have any questions concerning fees, timing, procedures and the operation of the multi-counter arrangement, including inter-counter transfers.

Market making

As with all exchange traded funds listed on the SEHK, the Manager will use its best endeavours to put in place arrangements so that there is at all times at least one market maker for each available counter (although this may be the same market maker). The Manager will also use its best endeavours to put in place arrangements so that at least one market maker per counter gives not less than 3 months' notice prior to terminating market making under the relevant market making agreement.

For a list of the market makers for each counter, please refer to the website https://www.hkex.com.hk/Market-Data/Securities-Prices/Exchange-Traded-Products?sc_lang=en².

SEHK approval

The SEHK has granted its approval for admission for trading of the Units to the USD counter with effect from the Effective Date.

Stamp duty

No Hong Kong stamp duty is payable on the transfer (purchase or sale) of units of all exchange traded funds on the SEHK. No stamp duty is therefore payable on the transfer of Units (HKD or USD traded Units) on the secondary market.
